PRODUCED BY:

STAY REAL • STAY CRAFT

IN PARTNERSHIP

Introducing a partnership that is set to redefine the landscape of the Canadian cannabis industry. Craft Nurseries, renowned for its exceptional collection of premium, rare, and exotic gas cannabis genetics, has joined forces with its former competitor, Klonetics Plant Science, a pioneer in cutting-edge tissue culture and plant science capabilities.

This collaboration is poised to revolutionize the way cultivators access premium cannabis genetics, not only across Canada but also in emerging markets abroad. Welcome to a new era of excellence in cannabis cultivation, brought to you by Craft Nurseries and Klonetics Plant Science.

OUR ADVANTAGE

All of our plants are:

- VIRUS SCREENED & TESTED
- PEST SCREENED
- STRONG & HEALTHY
- PHENO-HUNTED
- TRUE GENETIC NATURE

Only The Finest Collection Of Cultivars

• RARE • POTENT • PROVEN •

All of our strains are considered premium, rare craft genetics. To maintain this reputation and assure that the market isn't flooded with the same strains, each cultivar is only made available to a limited number of craft growers.

IN PRODUCTION

ALL CULTIVARS THAT ARE CURRENTLY “IN PRODUCTION” ARE AVAILABLE AT 3 WEEKS NOTICE, AND ARE ABLE TO ACCOMMODATE UP TO 2000 CLONES PER CULTIVAR.

FOR ALL INQUIRIES OUTSIDE OF THESE CULTIVARS AND/OR VOLUMES, A CUSTOM PRODUCTION AGREEMENT MUST BE PUT IN PLACE.

FAQ's

SHIPPING & PACKAGING

All orders are shipped in plug trays, which are packaged and completely sealed in cardboard boxes. These cardboard boxes are then placed into our insulated heavy-duty shipping containers, which protect against any possible damages during shipping.

Shipping arrangements are tailored to each specific order and the delivery location. We have in-house shipping capabilities to serve our local BC market and into Alberta, however, anything further will be subject to the terms of our shipping partners.

RETURNS & WARRANTIES

Due to the nature of our industry, it is very difficult to accept returns. To establish confidence in our clients we implement a strict quality control process, which records SOP's for minimizing risk of contaminants, as well as enforces frequent screening & testing activities to assure our plants are healthy and virus free.

With that being said, customer satisfaction is of utmost importance to us, so if you are unhappy with your order for any reason simply give us a call and we will do our absolute best to make things right.

THANK YOU!

We're here to help, please feel free to email us
with any questions, comments or inquiries:
